

NEWS OF THE SOUTH SIDE

LOCALIA.

The Misses Wilder and Miss Hilda Wilder, who have been visiting Mrs. D. Brander, expect to leave on Saturday for their home in Kingston, Ontario.

Mr. and Mrs. V. R. Kaufman, of Toronto, Ont., are guests at the home of Dr. Brander, First street, west, near the corner of the 11th-avenue-avenue daughter of John Petersen, Third street, northwest, was present at Taylor's undertaking parlor on Monday afternoon at 2 p.m.

Louie Manning, a householder from the Cocking Lake district, died in the South side hospital at the age of 74 years. The funeral arrangements are in charge of H. W. Taylor, undertaker, Main street, and the time of the funeral will be announced when friends of the late Mr. Manning are communicated with.

Births.—To Mr. and Mrs. H. L. Henderson, of Sixth avenue southeast, a daughter, on Sunday, August 19th.

SOUTH SIDE WATER MIDDY.

The water on the South side was very muddy yesterday, in fact, probably the worst it has ever been. At all times there was a heavy layer of water under the water, and many of the South side houses have been drinking water nearly all morning. It is said that the North side filtering plant is in working order, and that it should be connected with the distribution system on the South side, and the two systems connected, so as to give white water instead of mud to all the citizens of Greater Edmonton.

HORTICULTURAL FAIR.

The South Side Exhibition of the Greater Edmonton Horticultural Society will be held in the skating rink near the South side C. P. R. depot, on Wednesday, August 21st, and on Thursday, August 22nd. The admission to see one of the finest collections of flowers ever seen in this city is shown in the city of Edmonton. A valuable list of prizes will be offered and a large number of entries have been made, so the flower and vegetable show will be well attended. It should give a splendid idea of the vegetable products of this part of the province.

UNITED AID SHIELD GAME.

The first round of the football contest between the T. M. C. A. (South) and the Sons of Scotland will be played tonight at 6:30 sharp. The following players have been requested to meet at the C. P. R. depot, where they will meet at 5:30 p.m. C. C. Cox, J. Davis, C. Price, L. McIntyre, M. Forrest, W. Hudson, J. Hamilton, B. Todd, McMillan, reserves: J. Price and C. C. Cox. All uniforms and all players are asked to please bring their own.

WAS THOUGHT TO BE DEAD.

About four o'clock yesterday afternoon the South side police received a message that a shot had been heard and that a man had been killed in a creek in the southeast corner of

REGISTERS RISE OF

12 FEET IN 9 HOURS

Sudden Rise in River Brings It

to Level of High Water

in June.

HUFF COMPANY HAS LOST

LARGE AMOUNT OF GRAVEL.

Filters Are Able to Meet Emer-

gency and Deliver Clear Water to City.

Another sudden rise in the river

took place Sunday night. During Sun-

day it was noticed that the river was

lower than it has been since the flood

in June, when the river rose 15 feet.

At night, however, without any ap-

parent reason, there being no rain

in June, the river began to rise rapidly,

between midnight and nine o'clock

a.m. yesterday the river rose nearly

twelve feet.

The rise was probably due to rain

falling in the country west of Edmon-

ton. At Stony Plain and Wabamun

there was a very heavy shower

yesterday afternoon. The rain was

so heavy in many places that

crops were laid flat to the ground.

Cattle suffered the worst, the wheat,

which is well ripened, standing up

well.

Filters Meet Demand.

The men on duty during the night

at the power plant took careful note

of the increasing depth of the river

and observed the amount of the rise

as stated above. The turbidity of

the water caused by the flood made

a big demand on the filtration plant,

but the filters were able to cope with

the work and the water in the mains

remained clear.

Work was stopped at the high level

bridge, where false work is being

erected around the pier, preparatory

to the carrying over of the steel. The

the city. The police notified the coroner, J. Craig, and summoned Watson's ambulance. They all rushed to the scene of the supposed suicide or murder. The coroner, J. Craig, Robinson entered the house and saw the man lying on the floor as if dead. But when Undertaker Watson arrived the man jumped up. He was only faintly drunk.

CLAIM IT IS WASTING MONEY.

South riders are asking whether Fifth street east is to be double-tracked. It was reported that this thoroughfare was to be double-tracked, but it now appears that the paving contractors are going ahead to pave the west side of the street up to the single track, and when the double track is installed then the pavement will have to be cut out. Aid Walsh is indignant at the waste of money and says that the street should be double-tracked without delay, and it is folly to lay pavement which would only have to be taken up. It would be a double waste of money in laying the pavement and in the cost of taking it up, and then there would be the paving of the street again. The aid wishes to see the contractors intended to take the street with the commissioners without delay.

PACKED LIKE SARDINES.

On Sunday afternoon, owing to the break in the street car service at the corner of Ninth and Jasper, the large crowd of people south-bound arrived at the C. P. R. depot just in time to see a large crowd was still left on Ninth street, though the street cars were packed so full that the motor men, who happened to go outside to fix the trolley, were unable to get in the door and had to climb through the window over his motor bus. Passengers who were lodged in the aisles passed the children towards the rear, so they could get a breath of fresh air from the windows. The car resembled a sardine tin.

It was an impression that would be carried away by the departing passengers, who would not reflect creditably upon the city.

As the car passed along the route it was not only packed, but there was no room, and the crowd were left standing at several corners and at the foot of the steps.

The disappointed passengers who failed in their feet race after the tail end of the departing train had one consolation, for citizens on the platform told them that the C. P. R. trolley also resembles a sardine box and some who had bought tickets could not get on board.

The traveling who failed to get away complained very bitterly about the lack of foresight of the street railway and the Canadian Pacific railway. They said that the C. P. R. should have put on extra cars.

moved. The engineers will begin today with the erection of the first of the three steel bridge across the river.

Work on the erection of steel has been delayed about two or three weeks owing to the river not being placed on the west pier and it will probably be ready before the steel reaches it.

The grading company just some thousands of dollars worth of gravel by the flood. A very large bank of gravel—the result of several weeks' dredging near the new east bridge—was washed away during the night.

3,800 More Harvesters Arrive.

Winnipeg, Aug. 19.—Fresh battalions of harvesters from the east arrived in this city yesterday—this time from Ottawa and Toronto districts. At 2 p.m. a thousand came in over the Grand Trunk from Toronto via Chicago. Two Canadian Pacific trains in the afternoon brought approximately two thousand from Ottawa, Quebec and Montreal, and at 2 o'clock last night eight hundred more reached the Union depot from Toronto by the Chicago route.

South Pier Ready for Work.

The pier nearest the south bank of the river is now ready to take the steel superstructure. A frigate is to be placed on the pier, owing to fear of having cracked the head during the winter. The pier has now been hardened and the cranes have been

SCHEPPERS TELLS ALL. HE KNOWS ABOUT THE ROSENTHAL MURDER

Long-Bought Witness in New York Case Has Reached That City.

IS CLOSETED WITH DISTRICT ATTORNEY

Corroborates Confession of "Bald Jack" Rose Against Police Lieut. Becker.

New York, Aug. 19.—Sam Scheppers came back in Broadway today with a statement corroborating the confession of "Bald Jack" Rose, charging Police Lieut. Becker with instigating the murder of the gambler Rosenthal and his man state room in a New York Central train, speeding south from New York, Mr. Whitman and "Schepers" have all that we expected of him. He has corroborated the most important parts of Jack Rose's confession. "I will not ask me for details,"

Quoting language of the District Attorney's office and the police again, Scheppers said that he was a witness to the murder of Rosenthal. Two detectives from headquarters, saying they were acting on orders, attempted to seize the little man before he left the train, but Mr. Whitman was quick to announce that his office was in the command and the detectives did not get their man.

He was taken to the west-side police court by Detective Thomas, of the District Attorney's staff, and there he was booked on a charge of harboring an material witness along with Valon and Weiser.

Scheppers himself refused to say, as would about his conference with Mr. Becker, but he was a witness to the murder of Rosenthal. Two detectives from headquarters, saying they were acting on orders, attempted to seize the little man before he left the train, but Mr. Whitman was quick to announce that his office was in the command and the detectives did not get their man.

Investigation Not New. Information was forthcoming at the public prosecutor's office today that created unusual interest at police headquarters. It was learned that for several months prior to the assassination of Rosenthal officers of the district attorney have been quietly investigating graft in the police department. The big grafters, it was said, have been constantly shadowed for four months and the Rosenthal shooting simply their climax.

From members of the district attorney's staff it was learned that a well known civilian and two, possibly four police inspectors, are caught in the net.

The district attorney has obtained information that a collector for one of the high in police circles had accepted no less than \$15,000 as commission to collect in the last seven months.

The investigation into police graft started when Lieut. Becker, through Rose attempted to get \$150 from a private police club. His demand was turned down, and one of the members of the club informed District Attorney Whitman. The grand jury will meet tomorrow when it is expected that Scheppers will be asked to tell his story.

Rings in Ties By Express.

Regina, Aug. 19.—In order to some extent to cope with the demand for binder twine, which is increasing daily, an unprecedented fashion and which has already practically depleted the stocks of the International Harvester Co. at this point have brought in seven carloads of twine by express from Chicago, the additional cost incurred in shipping the twine to the farmer some cost a point.

Long Distance Swimming Champion.

London, Aug. 17.—J. P. Taylor, an English swimmer, today won the first distance amateur swimming championship of England on the Thames. He swam five miles and sixty yards in one hour, five minutes and seven seconds, and was followed by the previous holder of this title was M. E. Champion, of New Zealand, who last year swam over the course, from Kew to Putney bridge, in one hour, six minutes and eleven seconds.

BRITISH OFFICER SHOT AND KILLED TWO DAUGHTERS

While Temporarily Insane Gordon Highlanders' Officer Commits Terrible Crime.

Eastbourne, England, Aug. 19.—Captain Hicks Murray, an officer attached to the Gordon Highlanders, and who had seen much Indian service, last night shot and killed his two young daughters, severely wounding his wife, and then committed suicide with the same weapon. He is supposed to have been temporarily insane.

After the crime had been committed, the house in which Captain Murray had been living was burned to the ground.

His wife, who had succeeded in escape, was found later wandering about the streets in her night dress, screaming for her children.

Five bodies were found in the ruins of the burned house, and of these two have been identified.

Captain Murray left a letter in which he said: "I am hopelessly ruined and have for the reason killed all those dependent on me. I should like all of us to be buried in one grave. God forgive me."

Two New Statues in Ottawa.

Ottawa, Aug. 18.—It has been decided that the statues of the late D'Arcy McGee and George Brown, for which parliamentary appropriations have been made, shall be placed on Parliament hill within a few feet of the George Etienne Cartier and Alexander Mackenzie monuments at the east end of the main building. It has also been decided to erect in close proximity the Haldimand-Lafontaine statue which is about completed by the sculptor, Walter Allward, of Toronto.

LYNCH BEING CRITICIZED.

By Members of Typographical Union Because He Condemned Chicago Strike.

Cleveland, Aug. 17.—President Lynch of the International Typographical Union, in the closing session of the convention today condemned a number of the delegates whom he said, met in a secret session last night and attacked him for his attitude in condemning the recent strike of the pressmen of Chicago.

The convention upheld me in condemning the Chicago strike," said Lynch, "and I intend to find out who are those men who are criticizing the action of the convention and see what are their claims to be called union men."

When it became known to the delegates who were then in session that Attorney Charles Brown had been freed of a charge of jury bribing in Los Angeles, they jumped to their feet and cheered, waving hats and overcoats. A telegram of congratulation was sent to Chicago. The convention then adjourned and by eight o'clock the delegates had started for home. The ladies' auxiliary session closed tonight.

A Hermit for Five Years

WHAT would make the greatest impression on a man who had been shut away from human intercourse and denied the use of newspapers for five years—what would most forcibly attract his attention—on regaining the society of his fellowmen?

"Well," you say, "he is fairly certain to be interested in learning whether there's been a change of Government."

True, and probably he will show mild excitement if you can tell him there's been a big war in Europe. But it won't be until you get down to a recital of things that come closer to him, personally, that you'll bring him to his feet with eager questioning.

Tell him a mighty empire has fallen, and—so long as it isn't his empire—a drop crumb of highly embroiled indifference will mark his face.

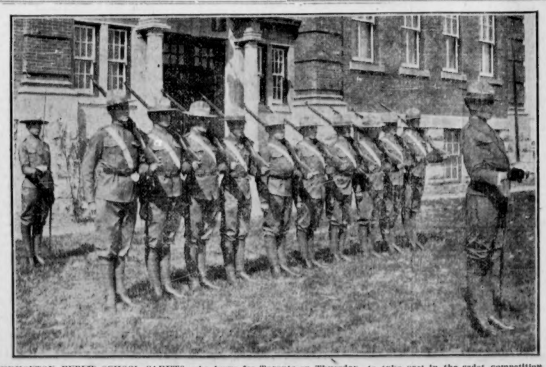

But tell him the automobile has been so simplified that he can now buy one for the price of a horse and he'll promptly bombard you with questions.

You see how it is: Newspapers carry a "news of merchandise" that is just as interesting, just as vital, as the "news of events" which the editors gather for us.

And, since this "news of merchandise" finds its only expression in the form of Advertising, must we not admit that the Advertising columns are quite as worthy of our serious attention as the scariest "scare head" or the most ponderous editorial?

Shut your eyes to Advertising—and you shut out the news of commercial progress and development—the news of things that make life worth the living.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 304, Toronto Bldg., Toronto. Enquiry involves no obligation on your part—so write if interested.

will give the stock to its shareholders. The country will, therefore, get sixty millions' worth less of the railway than it would get if the stock were sold openly and the proceeds applied to development. The pattern of the road will not come to be made to pay for the stock, but on the one hundred and fifty millions paid for the stock, but on the one hundred and sixty million which the stockholders will have in the market. If they could not be made to do this, or were not made to do it, the market price of C.P.R. stock would drop. At four and a half per cent the patrons will thus be loaded up with an annual tax of about two and three-quarter millions of dollars. The interest in the railway will not a dollar will go into the extension of the railway or the bettering of its equipment.

MR. BORDEN AND NAVAL DEFENCE.

Mr. F. E. Smith, Unionist member of Parliament for Liverpool Walton, is credited in press dispatches with the following observation on the navy question:

"The maintenance of an adequate navy ought to be a definite party principle. The 'balance of trade' is not an economic rich and appeared to me as a matter which a minister in whom it has confidence thinks right."

Mr. Smith is right enough. The balance of trade is not a matter which a minister in whom it has confidence thinks right. The balance of trade is a matter which a minister in whom it has confidence thinks right.

CURRENT COMMENT.

Edmonton, Aug. 19.—The Toronto News made another error. It said that the discovery is that an increase in the number of Canadian municipalities for July, 1912, as compared with July, 1911, was 100,000.

As a discoverer, Dr. Cook, of North York, has been made a mistake. It should be corrected.

Building for a Greater Future

This expresses the policy of Ramsey's store. That was the guiding spirit of the foundation of this institution. That thought was uppermost in the minds of our buyers when the first purchase were made for this store only a little over a year ago. That thought has always dominated throughout this store and is the basis of every transaction. Building for a great future is the quality of our merchandise, by the prices that prevail here, by the store methods that obtain, by the exemplary good store service, we have been steadily building. The remarkable success of this institution is evidence of your approval of our methods, of your appreciation of our efforts to give you the world's best merchandise at the lowest prices for which it is possible to provide them. So now, in less than a year, we've outgrown our quarters and need additional space. The new addition alone will be more than twice the size of our present store. This will mean more departments and even better service. Truly, we are building for even a greater future.
